BOYS & GIRLS CLUBS
OF NORTHEASTERN PENNSYLVANIA

OUR MISSION

"To inspire and enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.."

Boys and Girls Clubs are recognized worldwide as the leaders in serving youngsters, especially during critical after-school hours. FBI statistics denotes that over 7 million children go home after school to an empty house or apartment. This unsupervised time becomes the centerpiece for problematic behaviors such as gang participation, drugs, violence, and potentially harmful internet chatting.

The Boys and Girls Clubs of Northeastern Pennsylvania offer a constructive alternative to the aforementioned inappropriate activities. In a safe environment, a caring and dedicated staff offers Club members a variety of educational and recreational programs and daily food service.

Overall, Club programs engage young people in activities with adults, peers and family members, enabling them to develop self esteem and to realize their full potential.

OUR CORE PROGRAMS

The award-winning Boys and Girls Clubs' **five core program areas** that impact the growth and development of our members and help to make a difference in their lives are as follows:

Character and Leadership Development

Empowers youth to support the Club and community, sustain meaningful relationships, develop a positive self image, and respect their own and others' cultural identities.

Education and Career Development

Enables youth to become proficient in basic educational disciplines and embrace technology to achieve success in a career.

Health & Life Skills

Develops young people's capacity to engage in positive behaviors that nurture their own well-being, set personal goals and live successfully as self-sufficient adults.

The Arts

Enables youth to develop their creativity and cultural awareness through visual arts and crafts, performing arts, fine arts and digital photography.

Sports, Fitness & Recreation

Develops general health, positive use of leisure time, and social skills.
